Years of Supporting the ME/CFS Community

About Us

We give hope and help to people living with myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS)

Together with our community, we are pushing forward to drive change, raise awareness, and ultimately improve the lives of those living with this debilitating disease.

Our Vision

Australians with ME/CFS achieve the highest quality of life possible.

Our Mission

Every Australian diagnosed with ME/CFS receives effective medical and other services without stigma or discrimination.

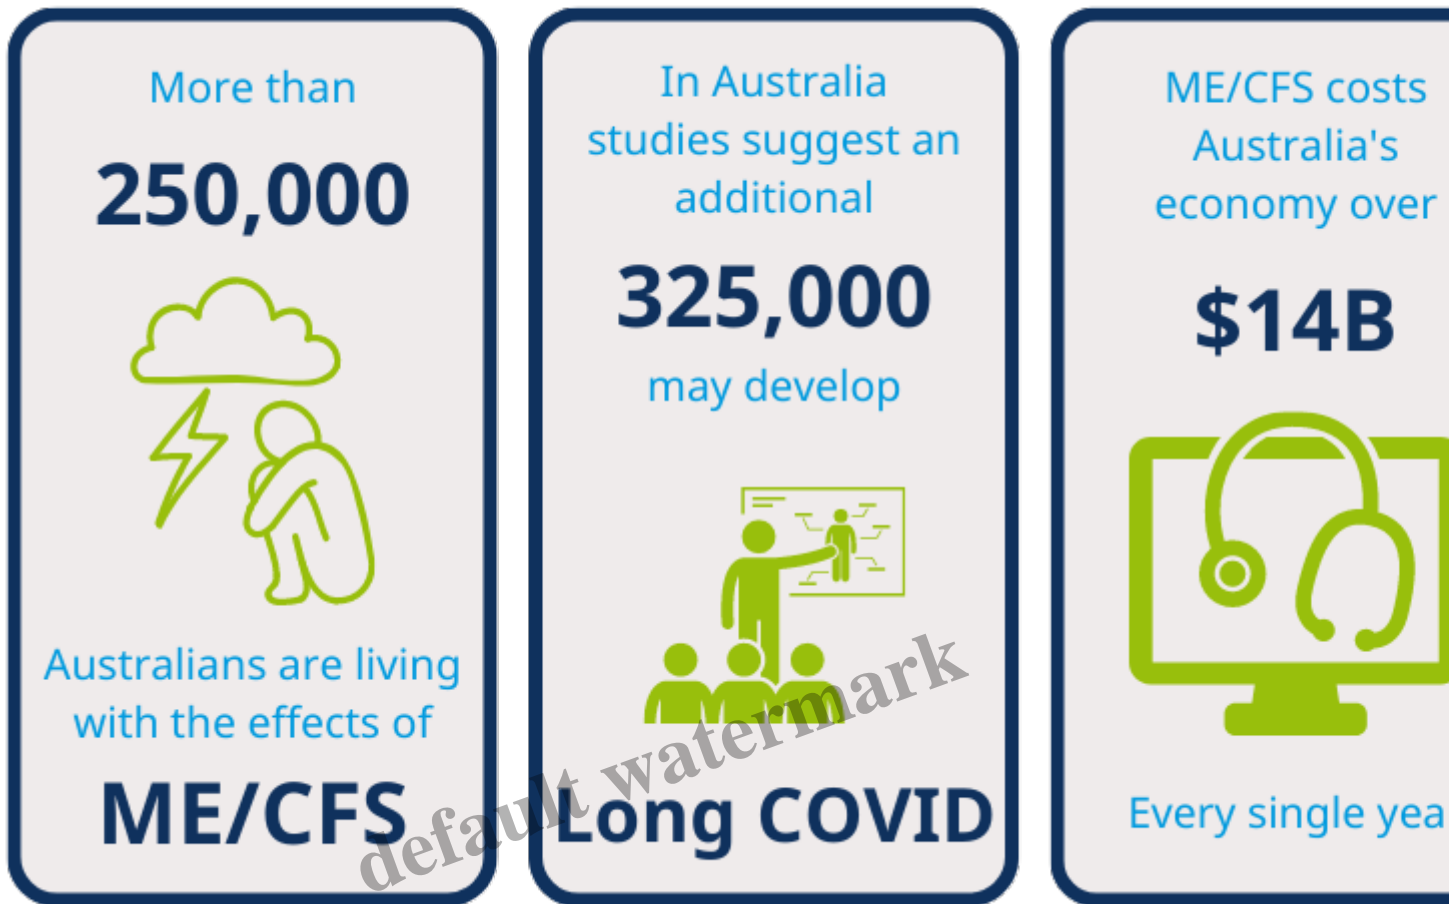

Our Strategy

Emerge Australia is the only national patient organisation delivering professional services across clinical education, patient support and patient education, advocacy and biomedical research for those with ME/CFS and Long COVID in Australia.

[MORE ABOUT US](#)

Did You Know?

Creating awareness, driving change

Despite all this, we still struggle to have the impact and severity of ME/CFS acknowledged in our community.

Our Latest ME/CFS News

Help us make a difference

Your financial support is vital to enabling us to help those with ME/CFS with Telehealth and Support Services as well as providing key resources to the community.

our community**

Our Research

Insights & Inspiration

At the heart of our mission lies a deep commitment to unearthing new insights about Myalgic Encephalomyelitis / Chronic Fatigue Syndrome (ME/CFS).

We recognise the urgent need to expand our understanding of this complex and often misunderstood condition. To this end, we tirelessly pursue research initiatives, collaborating with leading experts and institutions.
